AIRGAMA®
AZIENDA ITALIANA RACCORDI PVC - PP - PE

SUPER PLASTIC BUCKET WITH GALVANIZED IRON HANDLE

USE

Manufactured by AIRGAMA with high quality raw materials (PELD) which provide excellent impact resistance, chemical resistance and wheater resistance.

It is an essential daily use tool in building site thanks to its Galvanised iron handle and its side handle.

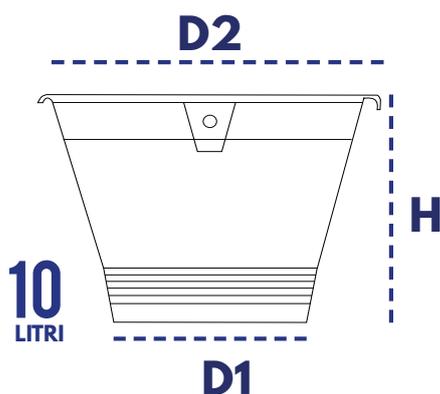

Molded with Reinforced Edges and bottom that guarantee long life and reliability over time.

Other colors available on request.

PELD
